

## WDP Vision

WDP will become and remain the preferred source for our customers' needs in the injection molding and assemblies markets.

## WDP Quality Policy

WDP is committed to:

- Meeting our customers' needs through the design and manufacture of innovative products
- On time delivery of high-quality products
- Providing a framework for setting quality objectives
- Satisfy all applicable government and customer requirements
- Focusing on customer satisfaction through continual improvement of the Quality Management System
